Water price review

To whom this may concern,

I am 100% against Gippsland Water wanting a \$40 price rise and an additional \$8 each year thereafter. I am on an aged pension and have to spend a huge chunk out of my pension for bottled water, as I disagree with the water being drinking quality. You can check my history (complaints) over the past 9 years. I feel Gippsland Water do not follow the complaints through. Including allegations of water tampering throughout the other units in my body corporate. My last invoice water usage 5kl water usage charge \$10.17 amount due \$233.49. Do you honestly think Gippsland Water is desperate for more money.
