

Minimum feed-in tariff review 2020-21

Submission received through Engage Victoria

Date submitted: 5 December 2019

Submission written by: Surendra Talasila

On 3 December 2019, we published our draft decision for the Minimum feed-in tariff review 2020-21. This draft decision paper asks stakeholders for their views on our proposed minimum feed-in tariff for 2020-21.

1. What do you think of the proposed minimum feed-in tariff for 2020-21?

Totally ridiculous decision to reduce the feed in tariff. When the whole world is promoting the environment friendly green energy, Australia lags behind. Whoever has come up with the proposal they are unfit for the job. You should increase the feed in tariff so that more people will come on board.
