In March 2024, we began accepting submissions on our draft decision on Goulburn-Murray Water's 2024 price submission via Engage Victoria (www.engage.vic.gov.au/ESC-water-price-review-2024). On this website, people were given the option to send us general feedback or respond to questions we provided.

1. What do you think of our draft decision on the prices proposed by your water business?

Can not see why there should be any charge for water that we divert for stock and domestic use that actually runs across our land. We receive no service except a bill ! for our fee.

2. What do you think of our draft decision on the business performance and their future service commitments?

How can you have a business when you do not provide a service or goods to the customer!

3. Is there anything else we should consider before we make a final price review decision?
