RECORD OF DECISION

SUMMARY

Pursuant to the provisions of section 29(1)(b) of the Electricity Industry Act 2000 (Vic) (Industry Act), the Essential Services Commission (the commission) has varied the licence of Mortlake South Wind Farm Pty Ltd (ACN 622 271 363) (Mortlake South Wind Farm) to generate and sell electricity in Victoria.

BACKGROUND

On 8 June 2022, Mortlake South Wind Farm was first granted an electricity generation licence by the commission.

On 24 November 2022, Mortlake South Wind Farm requested the commission vary its licence to correct the address details of the licensed generation facilities.

CONSIDERATION OF THE APPLICATION

Section 29(1)(b) of the Industry Act provides that a licence may be varied by agreement between the commission and the licensee.

As part of reviewing the licence for the requested variation other updates to the licence were proposed to reflect changes made to standard conditions in generation licences since the grant of the licence to Mortlake South Wind Farm. Mortlake South Wind Farm was given an opportunity to review these proposed variations and consented to these variations being made.

DECISION

In accordance with section 29(1)(b) of the Industry Act and having regard to the commission's objectives under the Essential Services Commission Act 2001 and the Industry Act, the delegate of the commission has decided to vary the licence by agreement with Mortlake South Wind Farm to correct address details of the licensed generation facilities and to update other licence conditions to reflect recent amendments to standard conditions.
