Have you previously had contact with AusNet Infrastructure No.2 about its transmission project relating to the Goorambat East Terminal Station (GETS)?

No.

Please elaborate by providing context.

[No comment made]

Have you had experience with transmission companies accessing your land?

No.

Please elaborate by providing context.

[No comment made]

Are you familiar with the commission's enforceable Land Access Code of Practice?

No.

Please elaborate by providing context.

[No comment made]

What effect on electricity pricing do you think AusNet Infrastructure No.2's GETS transmission project will have?

Don't know.

Do you think AusNet Infrastructure No.2 being granted a transmission licence will benefit the long-term interests of Victorian consumers?

Yes.

Please specify.

[No comment made]

Do you have any views on AusNet Infrastructure No.2's ability to comply with its regulatory obligations?

No.

Is there anything else you think we should consider as we assess AusNet Infrastructure No.2's electricity transmission licence application?

Electricity supplied to this part of Victoria is very unstable due to one transition line only. Frequent power outages. On average one or two per fortnight.

What effect on electricity pricing do you think AusNet Infrastructure No.2's GETS transmission project will have?

Prices will increase.

Do you think AusNet Infrastructure No.2 being granted a transmission licence will benefit the long-term interests of Victorian consumers?

No.

Please specify.

[No comment made]

Do you have any views on AusNet Infrastructure No.2's ability to comply with its regulatory obligations?

No, once they get the License, they will do whatever they like.

Is there anything else you think we should consider as we assess AusNet Infrastructure No.2's electricity transmission licence application?

How will you monitor their requirements, and what repercussions are there to ensure that they adhere to their License conditions.
