

Maximum electricity prices for embedded networks and other exempt sellers

Submission received via Engage Victoria on our consultation paper on maximum prices for embedded networks and other exempt sellers

Date submitted: 19 February 2020

Submission prepared by: Anonymous

'Do you have any comments on the commission's consultation paper?'

Using embedded networks is a corrupt practice and does not allow for the option of using green energy. They should be abolished. Please revise this to allow for equality for all people residing in Australia
