

# Minimum feed-in tariff 2023-24

## Submission received through Engage Victoria

Date submitted: 20/12/2022

Submission written by: Alan Stork

From December 2022, we began accepting submissions on our Minimum feed-in tariff review 2023-24 via Engage Victoria ([www.engage.vic.gov.au](http://www.engage.vic.gov.au)). On this website, people were given the opportunity to send us a response to a set of questions we provided.

### **What parts of our proposed methodology for setting the minimum single and time-varying feed-in tariff rates do you consider are appropriate?**

None, what a load of rubbish wholesale prices going down! Unbelievable!

### **What parts of our proposed methodology should we change?**

Consider the consumer, we generate power which is then on sold at a huge markup!

### **For our overall methodology, or parts of it, what alternative methodologies should we consider?**

See above
