From December 2022, we began accepting submissions on our Minimum feed-in tariff review 2023-24 via Engage Victoria (www.engage.vic.gov.au). On this website, people were given the opportunity to send us a response to a set of questions we provided.

What parts of our proposed methodology for setting the minimum single and time-varying feed-in tariff rates do you consider are appropriate?

We should get the same rate that we are charged

What parts of our proposed methodology should we change?

We should be rewarded for having spent money on Solar Power now ending up with a reduced tariff every year lining the pockets of the electricity companies

For our overall methodology, or parts of it, what alternative methodologies should we consider?

Consider the consumer
