Submission written by: Steve Zimaris

From December 2022, we began accepting submissions on our Minimum feed-in tariff review 2023-24 via Engage Victoria ([www.engage.vic.gov.au](http://www.engage.vic.gov.au)). On this website, people were given the opportunity to send us a response to a set of questions we provided.

### What parts of our proposed methodology for setting the minimum single and time-varying feed-in tariff rates do you consider are appropriate?

None

### What parts of our proposed methodology should we change?

If we are to promote a sustainable environment the feed in tariff should be higher to encourage everyone to go Solar. Originally it used to be 64 cents.

### For our overall methodology, or parts of it, what alternative methodologies should we consider?

Increase dare
