

Knox City Council

Group: metropolitan

This fact sheet uses graphs and data to examine this council's revenue, expenditure and financial sustainability over recent years. The information aims to help readers understand the impacts of rate capping. This was introduced in 2016–17 to restrict the amount councils can increase their general rates and municipal charges each financial year.

You can compare this council's data against its 'group' by looking at the fact sheet for metropolitan councils. Further information is available at <http://www.esc.vic.gov.au/outcomes-reports>. You'll find an interactive version of this fact sheet, a reader's guide to help you understand key terms and information about the sector as a whole.
