Subject: Proposed water charges

I am not happy with increased water bills of \$300 per year.  
Where would I get that extra money from, since everything else has increased by that much per bill EXCEPT MY WELFARE CHEQUE.  
I am too old to work, and not old enough to get the Aged Pension, so exist on a few dollars more than the dole.

I CANNOT PAY ANY MORE, SINCE MY INCOME DOES NOT INCREASE ALONG WITH INCREASED COSTS OF LIVING.  
Charge the working people by all means, but anyone with an income of under \$30,000 should NOT have to pay.
