

Further to my submission below

I have placed a copy of my email below and your response, to the notice boards at Melbourne Airport Taxi Rank Melrose Drive

I have watched drivers read it and their responses after reading my email below about the proposed increase

Some of them are amazed that Melbourne Airport are again increasing taxi rank fee, even \$2.70 is too high, passengers are paying enough fees, some even sympathising that passengers have to pay increase etc

I would suggest that not only should travellers pay the increased fee but consideration should also be taken to NOT increase the current \$2.70 fee !! Thousands of taxis go through rank every day and any increase is not justified ! \$2.70 should well and truly cover their costs !!

Regards
